

EDITORIAL

In the present day of crisis in all spheres of life, be it academic or non-academic, the publication of an academic journal at regular interval is a challenging task. Still with kind help of the The Contour fraternity we have been able to give the final shape of its Volume 1, Issue 2 with the stipulated time. We sincerely convey our hearty gratitude to the reviewers and advisers for their critical perspectives and suggestions much needed for upkeep of the sound health of the journal. For several reasons we have not been able to accommodate all the papers submitted in the present issue.

The readers and the well-wishers of the journal are requested to give their valuable suggestions for the improvement of its future issues.

It is also declared that the views and observations presented in the writings are solely of the respective authors, not of the editor/editorial board of the journal.

Special thanks should go to Suman Saha who with his expertise in computer has worked strenuously and sincerely for giving the shape to the journal out of sheer enthusiasm.
